Winter "After Dark" events February - March 2019

(Occasionally circumstances may force a late change of venue or car park.
Please check on the club website www.Octavian-Droobers.org before the event.)

Details:	<p>These events are intended to provide both a challenge to experienced night orienteers and an introduction for novices or newcomers to this version of the sport. The course will include a number of easier controls, mainly on line features, plus more difficult ones to test skills as experience is gained.</p> <p>There will only be one course and controls must be visited in ascending order. Each control will be worth 10 points. There will be a 60-minute time limit. Any time over this will incur a penalty of 10 points per minute or part of a minute. Controls can be missed out but any taken out of sequence will not count. For example, 1-2-3-5-6 scores 50 but 1-2-5-3-6 only scores 40 because 3 was taken out of sequence. The courses should be planned so that the fastest may possibly clear all controls inside the time limit, but for many it will be a matter of deciding which ones to miss or when to quit and head for the finish.</p> <p>Start times are from 18.45 to 19.45. Just turn up on the night. Seniors: £5.00. Juniors: £1.00. (£1.00 EMIT card hire if you don't have your own). For further information regarding either of the events contact the Organiser.</p>
