**Organisers Comments**

Thank you all for coming to the event. Hartshill is a very pleasant area to plan with a lot of runnable areas even in summer. It was the first time we have done an event with SI equipment, the controls seemed more manageable than the emit equipment. Unfortunately there was some vandalism later with controls moved and one damaged. Fabian pre-entry made deciding map numbers and running the event on the day less hassle.

Thanks to:

Bruce for sorting the maps out and course advice

Leslie for sorting Fabian

Graham for sorting the SI equipment

Bob for running the results equipment

Karin for encouraging newcomers

Special thanks to the control collectors: Bob, Dave, Carolyn, Keith, Margaret and Jane.
