12	Sian Fedeski	W14	KHVIII	41:24
13	Dale Richards			44:07
rtd	Sophie Oliver	W10	OD	
rtd	Benjamin Ledger	M10	OD	

### Comments

Despite very cold and grey weather we had a steady turnout throughout the morning. It was nice to see a lot of new faces - a result of extensive local publicity by Karin Kirk. Some were very enthusiastic and I'm sure we'll see more of them in the future. Well done to all that completed courses at their first event.

Courses seemed to go down well with much discussion of the different route choice options on "the hill".

If you want to do some more training on Pooley the new permanent course maps are available to buy from the visitor centre. The permanent course has 27 controls and 3 suggested courses of 1.7, 3.0 and 4.8km.

Thanks to Chris and Matt Morris who ran the download. Thanks also to Paul Furness and Graham Urquhart who helped Chris and Matt to collect all the controls.

Bruce Bryant
